EDUCATION

California State University, Los Angeles — Bachelor of Science in Computer Science

Expected Graduation: May 2026

EXPERIENCE

OpenAI (ChatGPT) — Student Ambassador

Sept 2025 – Present

- Selected for the first CSU-wide ChatGPT Ambassador program; representing CSULA to advance AI literacy.
- Design and deliver student-friendly workshops and info sessions on ChatGPT Edu and responsible AI use.
- Mentor peers on integrating AI into research, writing, and career development with an emphasis on ethics.
- Collaborate with ambassadors across 23 CSU campuses and OpenAI staff to build scalable engagement.

California State University, Los Angeles — ITS Accessibility Tester

January 2024 - Present

- Conduct Section 508/WCAG 2.2 audits for campus web assets and documents (PDF/HTML/PPTs).
- Use JAWS, WAVE, and Equidox to identify errors; provide remediation guidance to site owners.
- Partner with developers on accessible front-end patterns and ARIA usage; validate fixes and regressions.

PROJECTS

UnBox3D Enhancement for U.S. Military Training — Senior Capstone | Front-End Lead & Communicator

Building multi-model support and user-friendly UI; coordinated team updates with advisor Prof. David Krum. Expanded platform to improve training scenarios by supporting multiple input devices, ensuring adaptability for defense use cases. Took care of technical development and stakeholder communication

Custom GPT Tools - My GPTs

- Swift Playground Assistant — iOS App Dev Assist — Swift/SwiftUI Assistant for Swift Playgrounds; compiles & tests Swift Packages via Action
- Web Accessibility Auditor — Alt Text & WCAG — Generates high-quality alt text and audits pages for WCAG 2.1/2.2; Playwright+axe-core scan Action; strict JSON output with copy-paste fixes.

Personal Website — michaelramos.dev

Dark-themed Bootstrap portfolio with Playfair Display; showcases projects, resume, and accessibility work. Integrated responsive layouts and consistent navigation across pages for clarity. Deployed via GitHub Pages with a custom domain, ensuring reliability and professional presentation.

Salmaggi Architects Website — Client Project

Developed a responsive, accessible site for a small business; optimized navigation and content structure. Incorporated modern animations and visual hierarchy to highlight architectural work. Delivered a maintainable solution with clean Bootstrap components and best practices for cross-device usability.
